Hi Todd. Just to clarify, our folks will attend the ECV meeting but not the Brawley meeting. You had mentioned the ECV will be in the morning right? Thanks.

Janice,

I've been trading texts with CCV this morning and they are working on it. I hope to be able to send tonight.

Kristen can share her flight info – I believe she is flying from Sac to ONT the night before and is on a Friday 7PM ish flight from San Diego back to Sac. It takes 2 hours to get from Brawley to the airport, so a 7PM flight is cutting it close. I'm already in LA on Wednesday and Thursday. My flight is later – 8:55 from SAN to Sac.

More to come.

Todd Sax

Hi Todd,

Thank you for the update. How did your meeting with Luis last Friday go? Do you have a clearer agenda that you can share with us?

Andrew Chew and Yvezee Lapada will attend the community meetings. Since they will need to ensure they can make it to their return flight to the Bay Area afterwards, it will be helpful to know the timeframe for the meetings, particularly in Brawley.

Thanks,
Janice

Claire, Andrew,

I'm currently working on planning the day with Luis, yes. The tentative plan is to meet with Coachella community folks in the morning, then go down to Brawley and do the same in the afternoon. From CARB it looks like it will be me, possibly Erin Shields (CARB diesel enforcement) and Ryan Atencio from our EJ unit. I believe Kristen McKinley will be able to attend from CalEPA and I've copied her here as well.

I'm hoping we can use these discussions as an opportunity to get the community perspective and then we can start to develop a work plan. Certainly Desert View Power will be part of the Coachella issues. **Ex. 7(E)**

Ex. 7(E)

I'm meeting with Luis on Friday to start to flesh out the agenda; and so will hopefully share more then.

Hi Todd. Just circling back on this. Our inspectors will be in the area on the 19th and can attend a meeting with Luis Olmedo. Are you still planning on it? I am copying Andrew Chew, EPA's senior inspector who will be your POC for this discussion with Luis. Janice and I are also happy to participate by phone if that would be helpful.

More local community and informal. Sending local people could work...

Thanks Todd. I appreciate all of this summary. The issue for me with the 19th is that I have a commitment at 5:30 pm that I cannot reschedule so I am not sure I can travel that day. So is your meeting more informal or with a large group? We may have senior staff in the area that day and may send them. Janice is figuring out her schedule. Thanks again.

Claire,

Ex. 7(E)

Ex. 7(E)

On Coachella / Imperial – I have an agreement with Luis Olmedo to do the 19th, but haven't fleshed that out yet. I'm working on who we would meet with and when. Luis and I will both be in Riverside the day before, so we will go to Coachella, then to Imperial in the afternoon. I'll catch a late flight out Friday night from San Diego to home. More info to come. It would be great if you could come.

Todd

Subject: Community Meetings

Claire, Janice,

It looks like staff will be meeting in South LA with community folks to walk through the community and get their take on issues there – primarily local oil and gas. I know this is short notice – the meeting is just coming together today. Do one of you want to attend that meeting? It is on 11/1/21 starting at 11AM to visit the area around the Ex. 7(E)

Ex. 7(E)

Let me know if either of you are interested, and again sorry for the short notice – I know that isn't fair – will work to do better!

I'm going to ping Nayamin on the IVAN notes after our Board meeting tonight.

Thanks,

Todd Sax
